2012 Season

Dear Running Camp Guest,

Often friends or family who are not enrolled in the running program accompany our running guests. Your guests are welcome to join the social activities with you. However, in order to maintain the instructional quality of the running program, we ask that the video reviews, evening sessions, and coaching sessions be attended by running program participants only.

We welcome your family members to join us for all of the social activities. Additionally, we take some field trips that are off campus, as long as there is space available for these trips your guest is welcome to join us.

Thanks for your cooperation.

Sincerely,

Center Management
